

BI-ANNUAL REPORT

CLUB Q
SHOOTING

JULY 1 - DECEMBER 31, 2023:
FINAL REPORT

MESSAGE FROM THE COLORADO HEALING FUND

This report covers the last six months of 2023 for the tragedy that unfolded at the Club Q Nightclub. In that time, the Colorado Springs community and the state of Colorado rallied to support those who were deeply impacted and were beginning their journey of healing. CHF offered a space for the community to donate and collected over \$3 million from local and national donors - individuals, charitable organizations, and corporations. Since then, 100% of those funds have been disbursed to support more than 80 individuals. Those could not have accomplished without each and every one of the partners in Colorado Springs and beyond, who worked to ensure the needs of each survivor and the families of the victims were heard and met. We are grateful to them and could not do this work without them.

ACTIVATION OVERVIEW

On November 20, 2022, the Colorado Healing Fund (CHF) activated in response to the mass shooting that occurred at the Club Q Nightclub in Colorado Springs, Colorado. In accordance with its mission and guiding protocols, CHF determined the Club Q Shooting fit within the criteria for activation and made this decision public following the press conference held by the Colorado Springs Police Department.

Criteria the CHF Board of Trustees takes into consideration when deciding to activate are the

nature and scale of the event, the number of murdered and injured individuals, those directly witnessing or affected by the violent act, the likelihood of adverse community impact, and the potential for exhaustion of currently available resources. Once activated, the CHF officially provides a secure location for the public to donate, while making funds from its general victims fund immediately available to fill gaps in resources. General Protocols are detailed in the *Reports* section of the CHF website: www.coloradohealingfund.org.
